

## STAC

### Secure Telephony Adapter for Cloud

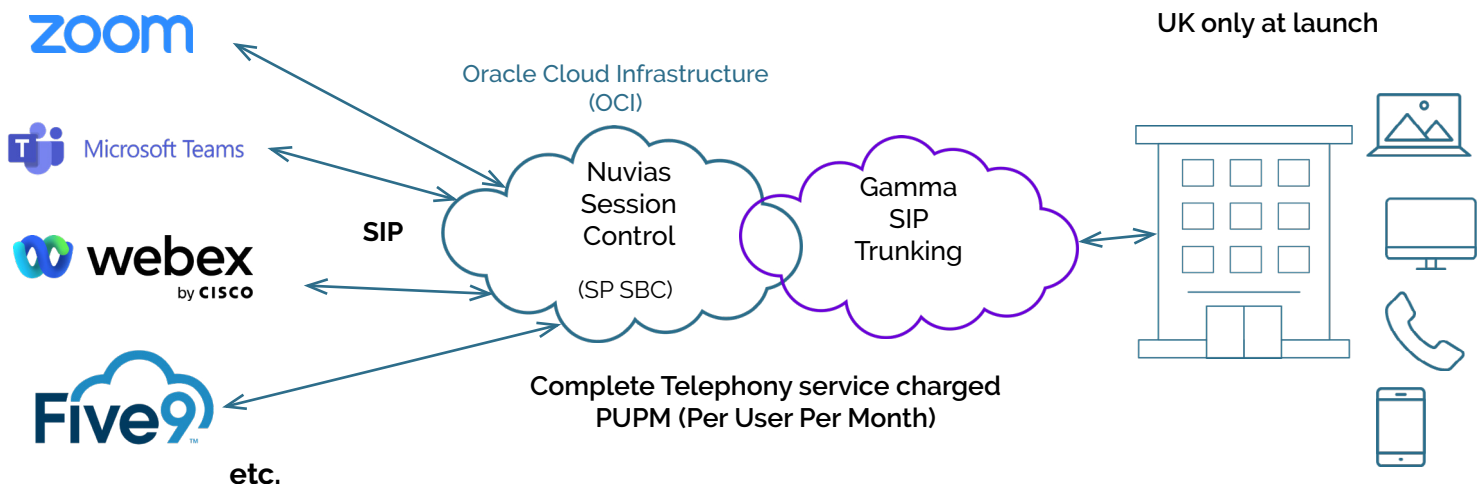

#### About STAC

STAC from Nuvias UC delivers a reliable, secure and cost-effective telephony service to integrate with your cloud communications services, underpinned by Oracle's market leading SBC. STAC enables resellers to offer a best-of-breed telephony service that is reliable, secure and cost-effective.

STAC is available to all our resell partners in the United Kingdom to enable them to offer the full end-to-end UC service. You can rely on the expertise of the Nuvias UC team to provide any required technical services, to remove the complexities, such as service and telephony billing, and allow you to focus on your customer.

#### Benefits of STAC

- Allows reseller partners to focus on their customers, not the technicalities
- A fully managed service, whereby any service changes or additions can be implemented by the experienced STAC technical team
- Simple to order via Nuvias UC's online marketplace - Hub
- Simple billing – per user, per month, including call minutes
- The service is based on the market leading SBC from Oracle
- SIP connectivity from Gamma, the market leader for SIP trunking in the UK
- Scalable, resilient and redundant by design

## How does Nuvias make it easy for the Channel?

Nuvias UC is a leading Unified Communications & Collaboration solutions and technology enabler with more than 12 years' in-depth experience in the market. Our mission, as Europe's fastest growing distributor of innovative unified communications, collaboration, and cloud solutions, is to make it easy for partners to meet the needs of their customers by enabling the onboarding, deployment, and support of products, services, and solutions on behalf of top-class vendors.

STAC is orderable via Hub, Nuvias UC's online marketplace. The reseller will input their order details together with the required end-user information and simply click a button to confirm the transaction. From there, Nuvias UC will take care of all the service configuration, any required number porting, and the cloud integration. Nuvias UC will also taking care of the rating and billing for the service and any out of plan telephone calls that are charged on top of the inclusive minutes.
